Page - First Destination Survey 2020

Dear Seniors and Recent Graduates,

You can have a positive impact on fellow Bruins by sharing your post-college plans through a brief survey. Whether you're attending graduate school, seeking employment, pursuing something completely different, or you're just not sure yet - we want to know! The university is required to collect this data and uses survey results to educate students, alumni, and the broader UCLA community about the careers and graduate school plans of our graduates. The data recent graduates like you provide helps current students understand what their future career paths could look like once they graduate, and can help UCLA Alumni Affairs facilitate future opportunities that are meaningful to you.

Please take 5 minutes to complete this survey, and every 100th respondent will receive a $100 amazon gift card.

Your answers are completely confidential. Thank you for your participation.

If you are a student from the Henry Samueli School of Engineering and Applied Science, please DO NOT take this survey. You will receive an invitation to participate in an Engineering-specific First Destination Survey from your school in Spring.
